#### Season's Greetings

#### A note from our director:

Dear Partners in Child Care:

The PICC office is happily humming along as PICC is growing, increasing our staff and our programming!

We are excited to welcome new staff members Jenna LaFont, Dona Sharkey, and Taylor Staggs to our team, and I hope you will join us in welcoming them as well! They share our commitment to children and families, they share our passion for working in child care, and they each bring fresh perspectives and ideas from their own work in child care classrooms. They are eager to work with you to provide you with supports for the important work you do every day!

We are also excited about our new projects and programming! One of those new projects is the development and launching of a small pilot in which we are exploring the possibility of coordinating a Child Care Substitute Teacher Pool. We will learn all the lessons we can this year so that we can aim to set up an effective long-term program benefitting child care centers across our regions. Stay tuned for updates from us along the way!

Also stay tuned for news on upcoming special training and resource material opportunities, supported through our School Readiness Tax Credits...

Warm regards,

Karen

## Here are some things to remember when preparing for training:

- ✓ **Punctuality** is important. Arrive early to the training site and make arrangements to stay through the entire session. Participants who arrive late or leave before the session is over will not be issued a certificate and no credit will be given.
- ✓ **Prepare** to participate! A great deal of preparation goes into each training session. Trainers want your full participation. Select sessions that interest you so that you will have a positive experience.
- ✓ **Plan** ahead. Know the title of the session you are attending and be sure of the location. This information is listed on the confirmation sheet that you receive after sending in your registration form. If you are unsure of the location, give us a call, we can help you with that.
- ✓ **Professional** attitude precedes you! Remember when attending a workshop, you represent your business or the center that you are employed with. Displaying the same positive behavior that we try to convey to young children is very important. Keep it professional!

**Partnerships in Child Care** is committed to providing quality services for you and your staff. Together we can have continued success in the area of early care and education! Remember, the children in your care deserve knowledgeable, responsible caregivers – the very best!
