Virtual Training Flyer

July 2020

Regions 5, 6, 7

**Volunteers
of America®**

Dear Providers,

As our world has changed, so has the way we will provide trainings. For the time being, we will be offering virtual trainings. In order to participate in these trainings you will need a smart device such as a computer, smartphone, or iPad (tablet) and an internet connection. If you intend to use a smartphone or tablet, please download the zoom app.

As we navigate the new way of doing things, we ask for your patience and understanding. The new registration process steps are outlined below:

1. Complete registration form (please ensure that your email address is printed and legible)
2. If slots are available, the director will receive a link to register for the training.
3. The director will forward the link only to the participants they indicated on the form.
4. The participant will then register and receive a link to attend the training.
5. The director will also receive a link for the evaluation survey and any handouts included for the training. The evaluation survey must be completed after the training by participants.
6. The certificates will be e-mailed to the director within two weeks, except for Health and Safety and Medication. These will be mailed by the trainer to the center.

*Each participant must sign into their own device with the link they are sent after being registered. This is the only way we have a record of the name that goes on the certificate.

*Please be willing to participate and engage in these trainings.

*Please have a quiet area designated, so that you can see and hear what the trainer is presenting.
