### A note from our director:

At PICC we are so thankful that you are our professional colleagues and Partners in Child Care! I hope that each of you has had a successful start to the new learning year and that you are, like I, now looking with excitement to Fall weather and holiday fun!

As we eagerly await the 2016-17 Performance Profile results so that we can learn areas where we've all improved our care for children in the past year and areas where we can still provide you with additional supports, we will be turning our attention for part of this fall to a focus on curriculum implementation. As I hope you are all aware by now, the Louisiana Department of Education has continued for 2017-18 its "Curriculum Initiative," in which they reimburse Type III centers for up to 80% of the purchase cost of two high-quality (Tier 1) curricula. Throughout October and into November our PICC Technical Assistance & Coaching team members will be prioritizing support for those of you who have purchased a curriculum in 2016 or 2017, to help you and your classroom teachers get off to the strongest possible start with a successful curriculum implementation!

All of us at PICC look forward to hearing about your many success stories in your curriculum implementation this year!

Warm regards,  
Karen
