July, August, September 2017

Greater Baton Rouge Area Region 2 & 3

Committed to Proving Quality Services

Child Care Training

Partnerships in Child Care offers training and foundational learning opportunities for early childhood educators working in child care centers and home settings. Workshops are taught on a wide range of topics all relating to the care and education of young children.

Child Care Technical Assistance

Partnerships in Child Care provides on-site technical assistance to child care directors, staff and family child care home providers. Our child care specialists can help with the Quality Start Program, understanding CLASS and TS Gold, room arrangement, understanding forms and applications and much more.

Child Care Resource & Referral

We provide a public referral service at no cost to help parents make informed decisions about child care which meets their individual circumstances. The goal of the service is to help parents secure the best child care situation, with minimum disruption to family and work.

Consumer & Parent Education

We are now providing on site parenting seminars which reinforce the skills that children are continuing to learn at your center. The goal is to create a community that is safe and predictable for children.

Child Care Resource Center

We are home to one of Baton Rouge's best kept secrets – The Resource Center. Teachers, students and parents can all use our 400+ dies for making games, books and bulletin boards. Also available are hundreds of resource books, a computer lab with internet access, lamination and a friendly atmosphere.

PICC Teacher Institute

Partnerships in Child Care (PICC) has recently developed the *Teacher Institute*, a comprehensive LDE- and BESE-approved training program leading to complete CDA Professional Portfolio development and the Louisiana Early Childhood Ancillary Teaching Certificate.
